

Please be advised and take note that the Coordination Meeting for the Digital Transformation Initiative, which was originally scheduled to take place on 14 March 2025, has regrettably been postponed due to circumstances that were unforeseen and beyond the immediate control of the organizing committee. This decision was made after careful consideration of scheduling conflicts affecting key participants and in order to ensure that all representatives from the various sections are able to attend and contribute effectively to the discussion.

The meeting has now been rescheduled and will be held on 21 March 2025 at precisely 3:00 PM in Conference Room B, located on Level 2 of the administrative building. All section representatives are therefore requested to review the updated agenda, which has been circulated via email and is available for reference, and to prepare any necessary documents, reports, presentations, or other materials that are relevant to the topics to be discussed during the session.

Your cooperation in adjusting your schedules accordingly is highly valued, and your active participation in the meeting will be instrumental in ensuring that the Digital Transformation Initiative proceeds smoothly and efficiently. We sincerely appreciate your understanding and commitment to contributing to the success of this initiative, and we look forward to a productive and well-organized meeting.
